

Welcome to MMRI!

Here are some useful tips to get you started

Affiliate Wireless Network: Name=Affiliates, Password=94mmri085

MMRI Intranet: Accessible while on site. Use link: <http://184.23.230.182>

Contains information and instructions on how to get started in all aspects of MMRI (e.g. tissue culture labs, animal facility, radiation lab, ordering controlled substance, order forms, work orders, etc.).

Copy Machines: Free for Affiliate use

Consumables storage: Each Affiliate company is provided additional storage space for one wire shelving rack on wheels (purchased by Affiliate)

Kitchen/lunchroom: Water, tea, coffee is available to all Affiliate members

Card keys: All full-time personnel are issued a 24-hour pass key. This key will open the front, north side and south side entrances to the building at any time. No need to disarm any alarm.

Lab Coats: Lab coats must be worn while working in the lab. MMRI can arrange with Cintas to provide lab coats for your personnel, at a minimum cost to you. Coats come with company name and personnel name. Each person gets 3 lab coats, which are laundered and returned. To get started, please provide Company Name (what you want on coat), Employee name (what you want on coat) and size to Kayla Vuong.

Ordering supplies: If you wish MMRI to assist you with your first VWR/Avantor, Fisher or Sigma order, please contact Kayla Vuong and Kayla will arrange an MMRI staff to help you. Controlled substance, radioactive material, and some animal facilities supplies must be ordered by MMRI on behalf of your company. MMRI can facilitate ordering cells from ATCC in some cases. MMRI will pass through the cost on your monthly administrative invoice. See Kayla Vuong for controlled substance and radioactive materials orders. See Bhaumik Patel for ATCC and animal facility orders.

MMRI-sponsored fee-free membership in CLSA, Biocom and CTC (California Life Science Association and Biocom)

Each organization provides a suite of services, service providers and purchasing discounts that provide significant savings. One very popular service is discount pricing on consumables, equipment purchases and equipment leasing (see vendor and discount pricing below)

MMRI-sponsored Vendors and Discount Pricing:

About a month after joining MMRI, Affiliate members are expected to obtain their own vendor accounts. MMRI has a discount pricing through VWR (via CLSA) and Fisher Scientific (ThermoFisher family) through our Biocom membership.
